Principal Accountabilities

The Projects Officer is accountable for all externally funded projects within Xplore!/North Wales Science Limited. This includes leading the application, planning, delivery, and reporting processes. The postholder will also be responsible for the sound financial management of grant funded projects including setting and working within budgets.

The postholder will be responsible for the effective line management of all staff within this area of the business.

The Projects Officer will be committed to meeting the objectives of projects and will develop successful partnerships with funding bodies, end users, and other key stakeholders.

Key Tasks

GRANT FUNDING AND PROJECT MANAGEMENT

Develop Strategic and Business Plans for grant funding and project work with the support of other senior management staff at Xplore! to ensure that there is a clear direction for the business area.

Work with the Centre Manager and Business Development Officer to develop the business case for the next phases of development of Xplore!, including securing funding for new equipment and facilities to ensure there is a medium to long-term vision for development.

Act as a principal liaison with funding bodies and their project monitors, the internal project team, and wider stakeholders to ensure clear communication channels are maintained at all times.

Work with the Business Development Officer to ensure robust processes for fundraising strategy development, financial planning, and reporting. Implementing new initiatives to ensure continued long-term financial support for Xplore!.

Source and apply for additional unrestricted funding, in order to enhance the long-term sustainability of the organisation.

Oversee the continued identification of new grant funding sources and submission of applications to ensure a pipeline of projects aligned to the aims of the organisation.

Work closely with WU Finance Department to monitor grant and project-related income and expenditure to make sure that the business area operates in a financially compliant and sustainable manner, adhering to WU financial regulations.

Maintain an accurate record of project progress, all expenditure, and claims to funders, to adhere to and in accordance with, external grants' terms and conditions and objectives.

Work with the Education Officer in the collation, analysis and reporting of evaluation data against agreed KPIs and performance targets.

Provide the marketing team with information to support the production of promotional and educational materials for all aspects of projects.

Build and maintain relationships internally and externally, working collaboratively across the organisation, the university group, and the sector to support delivery of the business objectives.

Provide effective line management, training, development, and engagement of all project-funded staff to create an engaged and motivated team and working environment.

Ensure accurate records of project-funded staff hours are kept and that monthly timesheets are submitted for approval prior to the agreed deadline to Payroll/Management Accounts.

Monitor staffing levels and work with the Centre Manager to recruit new team members in this business area, adhering to the WU Recruitment and Selection policies and guidance throughout, in order to maintain appropriate staffing levels to meet business and project needs.

COMMUNITY OUTREACH AND ENGAGEMENT

Oversee the role of the Community Outreach and Fundraising Coordinator of organising and coordinating a programme of project-funded STEM engagement activities to:

- Increase the numbers of visitors to the science discovery centre;
- Engage underrepresented and underserved groups;
- Better serve the needs of the local and regional community.

Manage strategic relationships with external community groups and stakeholders to maintain the effective management of community outreach delivery.

Build and manage mutually supportive relationships with community groups and other third sector organisations.

Special Features

The post will require occasional weekend and evening work to provide support to the project delivery team.

This role will require the postholder to have a high attention to detail in order to ensure records are accurate and error free.

The Projects Officer will require a good understanding of financial processes and regulations.

General Duties

You will ensure that appropriate management systems and procedures are in place to meet your health and safety duties and responsibilities contained within the University's health and safety policy. In particular, you will ensure that appropriate risk assessments are carried out in respect of significant hazards, and that safety inspections are undertaken on at least an annual cycle in each workplace under your control.

It is the responsibility of employees to apply the University's Equal Opportunities Policy in their own area of responsibility and in their general conduct.

All staff have a responsibility for promoting high levels of customer care within their own areas of responsibility.

Post-holders are expected to co-operate with the Professional Development Review (PDR) process, engaging in the setting of objectives in order to assist in the monitoring of performance and the development of the individual.

Such other relevant duties commensurate with the grade of the post as may be assigned by the Manager in agreement with the post holder. Such agreement should not be unreasonably withheld.

The key responsibilities contained in this job description are indicative not exhaustive. Duties and responsibilities may be altered in discussion with the post holder.

All post-holders within Xplore! are expected to be able to provide support across all areas, beyond their immediate team, as requested by the Centre Manager and commensurate with their skills, knowledge and experience.

Review

This is a description of the job at the time of issue. It is North Wales Science Limited's practice periodically to review and update job descriptions to ensure that they accurately reflect the current nature of the job and requirements of the business and to incorporate reasonable changes where required, in consultation with the job holder.
